Chapter 12 Regression and Correlation

In class, we will do a tongue-twister exercise, for which we will need a [stopwatch](#).

We will then graph our results in excel and relate them to regression and correlation.

We will also try to answer the following question: *Is texting generational?* by looking at the following data:

<http://statistics.wikidot.com/local--files/ch12/TextingAge.xls>

Source: [Nielsen media](#)

The tongue-twister data we collected in class can be found [here](#).

Regression analysis

A file containing our work on regression analysis can be found [here](#).
